Polite Notice to Great Braxted Pavilion Users:

There have been a couple of instances in the past month, where dogs have escaped their owners and fled through the Pavilion car park main gate, resulting in potential near misses with passing traffic. So it would be appreciated if class and club organisers, could at the beginning and end of classes or clubs, ensure that the car park gate is closed, after the last expected attendee arrives and again after the last attendee leaves, thanks in advance for your understanding and consideration.

RIP Janet Gilbert. Sadly, Janet, who previously lived at Threadgolds Farm before moving to Wickham Bishops, died last week following a long illness. A lot of people from both the Braxteds will know Janet from her service on the committees for many of our fetes over the years; organising the WB parish magazine and running the Village Emporium magazine, plus much else in the community. Over 200 people attended her very moving funeral service at St Bartholomew's Church in Wickham Bishops on Wednesday 18 December.

CHURCH NEWS
JANUARY 2020**

A very happy, healthy and peaceful New Year to everyone!

A time for resolutions – and getting rid of the recently acquired couple of pounds of weight. Maybe use the outdoor gym equipment in the park?

At the Christingle service in December over £100 was collected for the charity The Children's Society . Thank you.

In church Christmas is not quite over as on Sunday 5th January it is EPIPHANY which marks the time when the three Wise Men or Magi or Kings come to see the baby Jesus and give him gold, frankincense and myrrh (which is why we give presents at Christmas)

Message from the District Councillor

Having gone to my first Parish council meeting in Great Braxted, it was very good to meet the councillors and residents.

I had very disappointing feedback about Tiptree Road from Essex County Council. They decided that the condition of the road did not require immediate repair. I was very surprised to get this information and I will continue to monitor the road over the winter and raise concerns if the road deteriorates further. If you notice serious concerns, please let me know.

Along with the Parish council, we have completed highway request schemes for Maldon Road and the dangerous congested junction at the end of Braxted Park Road. I will ensure that we keep pressure on Highways to get the road improvements the areas need.

The date for the next district council surgery 18th January at 11am in The Swan, Little Totham.

Kind regards

Councillor Richard Siddall

Yomelelani Bridge Day

The Bridge Day held in St Bartholomew's church hall was much enjoyed by the 48 participants who attended on the 26th November. Organised by Richard Shail and Barbara, the event involved a welcome coffee, bridge in the morning, a light lunch with a glass of wine and another session of bridge in the afternoon. Thanks are due to all who attended and to those who donated prizes for the raffle and the quiches & wine for the lunch. At the end of the day the event raised £1687 for Yomelelani Trust, a wonderful contribution to the running costs of a pre-school in a South African township providing hope and support to 150 deprived but delightful children.

Year 3 Visit to St Peter's Church

On Thursday 28th November, Year 3 had their school trip to St Peter's Church. All of Year 3 were very excited. I was wondering, 'Had anyone in Year 3 really been to a church before?' It sounded like fun!

On the way there and back, we got very tired because we had nearly walked 2 miles. What a long journey that was! We walked across roads, past cars etc... We went to the church because in R.E. we had been learning about a church's features.

We went into the church and quickly admired it. How amazing a church actually is! We got a sheet and identified its features. It was such fun and thank you to Isobel, Vicky and everyone else who gave up their time for such an amazing trip.

St Nicholas Church, Little Braxted

1120—2020

CELEBRATING

**900 years of the founding
of this wonderful gem in
the heart of the
Countryside**

St Nicholas is a small church with a rounded east end called an Apse built on a small mound at the bend of a narrow lane just south of the mill on the river Blackwater. It really is a wonderfully decorated hidden gem in the heart of the Essex countryside with an interior that belies the exterior. Its fame lies in the work of the Rev. Ernest Geldart, Rector from 1883—1900. Geldart was one of the most important church artists of the 19th century. He trained as an architect and took the opportunity to create a house of God which to his mind should be the most beautiful house in the village. There is no space on the inside walls that has not been decorated with designs and murals—there are statues gilded and stained glass in abundance, a low level rood screen. It is a treasure to behold. Geldart also extended the church with a north aisle and vestry.

The porch is of wood and stone built in the Tudor period.

As can be seen in the visitors book the fame of the church brings visitors from all over the country and even from as far afield as the USA, New Zealand and Australia.

The church lies south of the A12 on the east side of the river Blackwater about a mile east of Witham, in Little Braxted Lane, CM8 3EU.

It is normally open everyday but if closed there is a note that tells where the key can be borrowed.

Regular Services are held on the 3rd Sunday of each month as well as Good Friday, Easter Sunday, St Nicholas Day and a Candlelit Mid-night Mass on Christmas Eve.

Visitors should be aware that there are no facilities at the church. However we can recommend tea/coffee and lunch stops at Braxted Bakery just a half a mile further south along the lane on the left. Booking advisable for large parties. Phone 07740 117688

By arrangement 'Guided Tours' are especially accommodated for Clubs and Societies with a reasonable sized group. They take about 1½—2 hours. Any proceeds are allocated to the Fabric Fund which, as can be imagined take up a lot of attention particularly after each 'Quinquennial' [the Architect's five yearly inspection] — the last cost some £20K in stonework repairs.

Traffic signal renewal starts 13 January: Newland Street / Collingwood Road / Maldon Road, Witham

We are planning to renew the traffic signal equipment at the junction of B1389 Newland Street with B1018 Collingwood Road and Maldon Road, Witham from 13 January 2020. These signals are nearing the end of their life expectancy and need to be replaced to improve reliability of the traffic signals and pedestrian crossings. Works are expected to take approximately four weeks to complete.

This is a busy town centre location and we have considered all traffic management options carefully to keep disruption to a minimum. Traffic management arrangements will be subject to change as the scheme progresses so we would encourage road users to observe signage and take additional care when travelling in the area.

Collingwood Road and Maldon Road will be fully closed at the junction with Newland Street for the works. This is needed to keep local traffic flowing. Local diversions will be in place however drivers are advised to allow additional travelling time. Newlands Drive car park will be accessible from Guithavon Street and via the diversion route from The Avenue.

During certain phases of the works restrictions will be required on Newland Street. This will include two-way traffic lights for the safety of the public and the workforce when work is needed in the carriageway. Traffic management will be lifted when it is safe to do so.

Temporary pedestrian crossing provisions will be made available during the works and access to all businesses and properties will be maintained.

Essex Highways website as a link to your parish website so that local residents and business have the latest information readily available. Full link: <https://www.essexhighways.org/highway-schemes/witham-traffic-light-renewal.aspx>
