Maldon District Council – E Petition – Increase in charges for mooring barges and parking cars on Hythe Quay

The Thames Sailing Barge Trust and other barge Operators on Hythe Quay at Maldon are facing a huge increase in mooring and parking charges from Maldon District Council which all are fighting. However the council is not looking at the wider issues relating to what it proposes.

The Thames Sailing Barge Trust is unable to afford a 94% rise in charges and neither can the other operators.

The Maldon & Heybridge Heritage Harbour Working Group, on which the barge operators have a voice, has set up an e-petition on the Maldon District Council website. The link is below. Could we ask you to click on the link and register and then support the statement that has been issued.

WELCOME TO THE SHORTEST MONTH OF THE YEAR

Maybe the 14th will be the most romantic day of the year for some, but in Old English, February was called Solmonath (Mud month) or Kale-monath (Kale or cabbage month), and I am not sure romance and boiled cabbages go well together!

MONTHLY UP-DATE –February

Wow! What a wonderful occasion! On 19th Jan. the first service of this the celebration year was truly memorable occasion; Archdeacon Ruth both Presiding and Preaching—her text and invitation to “Come and See” echoed the response of Jesus to two of the followers of John the Baptist in the day’s Gospel reading. An enlarged congregation had ‘come to see’ and we were blessed with assistance from the choir from St Bartholomew’s and enjoyed a welcomed breakfast afterwards. Thank you all for a fantastic kick-start to the year. We may well now have tea/coffee after each Service!!

Message from the District Councillor

Due to the cuts in government grants over the past 9 years, there is far more pressure on the council to identify other ways of gaining revenue. The district council also, only gets a percentage of the business rates.

The council can of course increase council tax, but that revenue is shared with Essex County Council, the police and fire services. The district council is therefore looking at other ways to find revenues.

As part of that approach the council has started developing a commercial strategy, which fits within its approach for prosperity. This sits alongside other strategies for place and community. As a result of some of the early proposals, you may have read about some of the ideas in the local press, which have received some negative publicity.

My personal view is that any commercial strategy has to be balanced with the community strategy. These are both part of the council's approach to doing what is best for the district. We therefore need to support community assets and factors that reflect the character of the district. At the same time, we need to ensure that we make the best of the district and identify ways, both existing and new, to increase revenue in the district and for the council.

If we develop long-term strategies it will enable us to make the best use of tax payers money and with an effective commercial strategy support the district and the council with additional revenue.

Councillor Richard Siddall

The Braxted's Neighbourhood Watch

Hello neighbours

Unfortunately there have been several thefts in our villages recently. While some have been opportunistic by taking items that have been left outside homes others have obviously been committed by well organised thieves.

The quantity of tools and methods of breaking into outbuildings at a property in Sextons Lane was staggering. This showed a well planned team had targeted this property that is currently under redevelopment.

It is important that we do what we can to secure our valuables to deter the casual thieves. CCTV, PIR lighting and alarms will help to secure buildings but we need to be vigilant and report suspicious behaviour. Not just to each other but via 999 if you think they are committing a crime.

As previously stated I'm happy to visit you and give free advice on crime prevention having been a Police Officer for over 30 years. Whilst the incident in Sextons Lane shows there is little you can do to prevent a professional crime team there are lots of things we can all do to deter the majority of thieves.

Keep 'em peeled
Mandy

Sports News from Last Term

Sportshall Athletics - At Essex University in Colchester, our indoor athletics team competed in running, relay and an obstacle course along with different field events, including throwing and jumping. After all points were totalled we were awarded 2nd place which means we went through to the finals in January. Super effort!

Football - Our Y5 football team played in a tournament against 13 other local Primary School teams, at the Shrub End Sports Ground in Colchester. We drew one game and won every other which put us in the final against St Luke's. We won the final 1-0 awarding us the gold medals! All team members played their part and our goalie only let in one goal - and that was an own goal!

Basketball - Last term, we competed in a basketball tournament at Thurstable School. The team played so well scoring so many baskets to win the games they played. We are off to the county finals!

Golf Taster Session - Mr Quilter organised a Golf Taster event for local primary schools to attend with our golf coach, Craig Lockwood, leading the session. Some of our children expressed an interest in learning or improving their golf and enjoyed the experience, especially being able to mix with other children from different schools.

Netball - A team chosen from our netball club travelled to Woodham Walter Primary School to practise our skills whilst playing a match. As time went on we got better at playing as a team and we won with a score of 5-6. Well done – look at our lovely smiles!

Amazon scam warning: 'Hang up immediately' warn police

POLICE forces around the country are warning about a telephone scam that has tricked people out of hundreds of thousands of pounds. The scheme sees fraudsters pretend to be from Amazon to con victims into handing over their bank details.

The scam been reported across the country from Somerset to the north of Scotland.

How it works

The scam begins with an automated call telling victims that a fraudster has used their personal details to sign up for an Amazon Prime subscription. The victim is then instructed to press 1 to cancel the transaction. When they do this, they are directly connected to a scammer posing as an Amazon customer service representative.

The criminal again tells the victim that an Amazon Prime subscription was purchased fraudulently and that they need remote access to the victim's computer to fix a security flaw so that it won't happen again.

What you need to do

Amazon said: "If you receive a suspicious phone call, email or text message claiming to be from Amazon, asking for payment, personal information or offering a refund you do not expect, please do not share any personal information, and disconnect any phone call immediately.

- Never let your dog damage trees shrubs, flower beds or other park features.

Wildlife

Please do not let your dog chase or disturb wildlife

Traffic signal renewal starts 13 January: Newland Street / Collingwood Road / Maldon Road, Witham

We are planning to renew the traffic signal equipment at the junction of B1389 Newland Street with B1018 Collingwood Road and Maldon Road, Witham from 13 January 2020. These signals are nearing the end of their life expectancy and need to be replaced to improve reliability of the traffic signals and pedestrian crossings. Works are expected to take approximately four weeks to complete.

This is a busy town centre location and we have considered all traffic management options carefully to keep disruption to a minimum. Traffic management arrangements will be subject to change as the scheme progresses so we would encourage road users to observe signage and take additional care when travelling in the area.

Collingwood Road and Maldon Road will be fully closed at the junction with Newland Street for the works. This is needed to keep local traffic flowing. Local diversions will be in place however drivers are advised to allow additional travelling time. Newlands Drive car park will be accessible from Guithavon Street and via the diversion route from The Avenue.

During certain phases of the works restrictions will be required on Newland Street. This will include two-way traffic lights for the safety of the public and the workforce when work is needed in the carriageway. Traffic management will be lifted when it is safe to do so.

Temporary pedestrian crossing provisions will be made available during the works and access to all businesses and properties will be maintained.

Essex Highways website as a link to your parish website so that local residents and business have the latest information readily available. Full link: <https://www.essexhighways.org/highway-schemes/witham-traffic-light-renewal.aspx>

No to North Essex Garden Communities

Over the summer we distributed nearly 25,000 leaflets asking local residents to respond to the Local Plan consultation. We achieved twice the average direct mail response with 1800 people replying by postcard or email. Responses were collated and presented to the leader of Colchester Borough Council on the steps of the Town Hall, and all feedback was included in the CAUSE submission to the Planning Inspector.

The Examination in Public of the Local Plan began on 14th January at Colchester Community Stadium (CO4 5UP). CAUSE committee members and/or consultants were at the table for all sessions.

Members of the public were welcome to attend to watch proceedings (but not to contribute) and the timetable for the sessions that took place can be found here:

https://www.braintree.gov.uk/info/200643/section_1/1065/section_1_examination_publication_local_plan/3

We are hugely encouraged that Colchester Borough Council voted last month not to make the next payment of £350,000 to North Essex Garden Communities before the outcome of the Examination is known.

We will update you on the outcome of the Examination in the next newsletter.

Thank you again for all your help and assistance in 2019. We hope it won't be necessary, but would like to reserve the option to call on you in 2020. If you'd rather not, just respond to this email to let us know.
